GlobalSET November '08 - List of Participants

By: System Administrator on: Wed 05 of Nov, 2008 [23:30] (2419 reads)

A summary of known groups and stations taking part in the IARU Global Simulated Emergency Test (GlobalSET) to be held on 8th November. Please check his website frequently for updates. If you are not listed please contact globalset08(at)raynet-hf.net to be added.

(2803 bytes)

This is a summary of known participants in the exercise. Please check back frequently for updates.

Rules Notes:

- Messages relayed between stations should not be altered, this includes the 'time' at the start of the message. Changing this will stop us measuring the time taken for a message to be passed.
- Stations should add their callsign to the end of a message to be relayed before sending it

TIME/DATE

November 8th, 2008 at 04.00 - 08.00 utc.

Datamodes ?

Can you operate Datamodes on HF ?

- I have Datamodes available at all times
- I can do datamodes but it takes time to set up (>1hr)
- What is a datamode anyway...
